

YOU ARE GOD (LYRICS)

VERSE 1

Your Glory fills the earth
Your love is deeper than the ocean
I have never seen anyone like you
Beginning and the end
Redeemer savior friend
I have never seen anyone like you

CHORUS

You are God in the morning
God in the noon
God in the evening
God everyday
You are God of my Fathers
God of today
God of the universe
No one can take your place
[You are God - 5x]

VERSE 2

Nothing I have is enough to adore you
You sit on your throne up above there's none like you
I have never seen anyone like you
If I could speak with the tongue of the men and angels
It won't be enough for me to praise you
Coz I have never seen anyone like you

CHORUS

You are God in the morning
God in the noon
God in the evening
God everyday
You are God of my Fathers
God of today
God of the universe
No one can take your place
[You are God - 9x]

BRIDGE

Every nation, every tribe
Will give you all the praise
Let us lift our hands, let us open our hearts
Let's us lift our voice in worship (say)

Hallelujah [4x] Coz you are God
[Repeat Chorus]
